*YEARS OF SERVICE 2018 EMPLOYEE HONOREES*

## *A message from our CEO*

### *Thomas Lydon*

*“Exemplary persons are steadfast in the face of adversity, while petty persons are engulfed by it.”*

*-Confucius*

*When I first read this quote, I immediately thought of those exemplary persons working at Lifespire. We have such a consistent and stable workforce, which is evident by the large number of employees being recognized for their many years of service. We are honoring:*

*1 employee for 40 years of service,  
2 employees for 35 years of service,  
5 employees for 30 years of service,  
9 employees for 25 years of service,  
7 employees for 20 years of service,  
20 employees for 15 years of service and  
27 employees with 10 years of service.*

*The character of those folks is steadfastness. One definition for steadfast is resolutely or dutifully firm and unwavering. In other words, our exemplary staff are loyal, faithful, committed, devoted, dedicated, dependable, reliable, steady, true, constant, staunch, solid and trustworthy.*

*Lifespire’s founders, Ida Rappaport and Harry Kamish, were steadfast in their belief that their children were capable and deserving a full life despite their being differently abled. They would be so proud of all of us for being united in mission, being united in purpose, being united in vision. Ida and Harry made a difference in world. As the CEO of Lifespire I have the privilege and honor of leading such a great team of folks. Thank you for continuing with Ida and Harry’s legacy. Thank you for being exemplary steadfast people! Together we will change the world!*

*Lillian Smith*

*Lillian Smith is celebrating her 25th Anniversary at Lifespire. She received her Associate's Degree in Marketing Management Sales and Social Science with a focus on Education. She is also an active member of her community. Lillian joined Lifespire in 1993 as a secretary for the Bronx CSC. In June 1993, she also joined what was called the In-Home Trainer Department where she had the opportunity to work directly as a Direct Support Professional. In July 1995, Ms. Smith transferred to Queens South CSC as a Developmental Aide and then as a Direct Support Professional for the past 24 years. What distinguishes Lillian among her peers is her amazing creativity. She has the skills to transform a regular space into a magical scene. One of her most successful projects was when she and some of her co-workers recreated the Rockefeller Center and other NYC landmarks in the hallways of Queens South. On behalf of the team at Queens South CSC, thanks to Lillian Smith for dedicating so many years of your life to helping others.*

## 25 YEARS OF SERVICE

*Maria Gradys*

*Maria Gradys began her career in 1993 with Lifespire as a Direct Support Professional at John Cook CSC. Maria had emigrated from Honduras in 1981. She held many jobs, including working in nursing homes and being a nanny until she met a friend who introduced her to ACRMD, now known as Lifespire.*

*It is a rarity to find the high level of care that Maria provides to the people we support who are in her care. She has an exceptional relationship with the people we support and maintains an activity room that is a joy to enter! Although many of the people she supports can present with challenging behaviors, Maria manages – in her own quiet way - to bring order and tranquility to them. She is an ardent pet lover and has had many pets over the years, including her current white turtledoves named Abu and Juanita.*

*We congratulate Maria for all of her hard work and this special milestone!*

## 30 YEARS OF SERVICE

*Michael Csorba*

*Michael Csorba began his career with Lifespire on January 25, 1988. The agency then was operating under the name ACRMD. Michael's first position was a Vocational Trainer, teaching the people we support basic work skills such as packing envelopes and putting price tags on items. Michael played a significant role in helping to advance the people we support in their skill acquisition so they could do work for outside companies. In 1999, a new program was added to Staten Island called Supportive Day Habilitation. This program was designed for people with autism. Mr. Csorba began working in that program as a Day Habilitation Aide. He assisted with everyday needs and held group discussions to encourage communication and socialization. In 2007, Michael was promoted to Day Habilitation Counselor for Full Time Day Hab, a position he has held for the past 12 years. In that role, he has learned the new daily and monthly documentation, and assists in maintaining compliance under OPWDD regulations. Michael said that he is most proud of the way he has played a part in people's lives and has been able to see how each person he has worked with throughout all of his years make such great strides. Michael said, "I had the opportunity to watch many of the people we support go from having low self-esteem due to the Willowbrook days to now where they make their own choices, have a say in their lives, and have become more independent." Congrats to Michael Csorba for all he has done!*

## 35 YEARS OF SERVICE

*Judy Pottinger*

*“Judy Pottinger has been working with Lifespire since I was a kid in elementary school. Over the past 4 years I have had the privilege of being her supervisor. I consider it a privilege because Judy possesses that rare work ethic that makes my job easier. She also possesses my mind state which is ‘my job is to make yours easier’,” says Kareeb Beckham, Judy’s supervisor.*

*The compassion that Judy has for her job and the people she supports is the best. It is a constant battle to get Judy to take days off because she loves her work and always goes the extra mile! Judy will always step in to resolve a situation. One night a triage call came in during the early morning for one of the people we support. When the supervisor called the facility to make sure everything was ok, Judy answered the phone. When asked why she was there, Judy matter of factly replied, “They said the ambulance was going to take an hour and they had no one with a license, so I came in to take the person to the hospital.” Judy’s considerate care is not only what makes Judy unique and an asset to the Lifespire organization, but offers great assurance to any family looking to place a loved one within Lifespire. Congrats to Judy for her 35 years, and we look forward to her continued years at Lifespire. She is truly one of a kind.*

## 40 YEARS OF SERVICE

*James (Jim) Normandy  
(written by CEO, Thomas  
Lydon)*

*For more than sixty-seven years, Lifespire's mission is to give persons with Intellectual/Developmental Disabilities a productive life and to be contributing members of society. We herald the values of stewardship, integrity, excellence, innovation and growth. The foundation of Lifespire's success is built upon our employees and their dedication to the service of people who seek our care and support. A special congratulations is due to Dr. James (Jim) Normandy for his 40+ Years of Service! Here at Lifespire, we believe in showing honor to those who have tested and stood the trials of life, fought the battles, and continue to press forward. Thank you, Dr. Normandy, for your years of service! Some of you may not know Jim Normandy, so I will give you a brief introduction and history:*

*(continued)*

- *Dr. Normandy received his BS in '76 and MSW in '78 from Fordham University in the Bronx. While studying at Fordham, Jim assisted with Boy Scouts with special needs known as Troop 666.*
- *In 1977, on the heels of the Willowbrook Consent Decree, Lifespire was operating a “transitional residential model” on the grounds of Willowbrook known as the Plastik Residence. Jim began working at the Plastik Residence in 1977 as a part time weekend relief staff.*
- *In 1978, Lifespire was awarded its first residence, the Herman Kaye Residence, which was originally located in Elmhurst. Jim was promoted to Residence Manager of Herman Kaye Residence.*
- *His clinical background coupled with his operational experience in residential services positioned Jim well as Lifespire expanded into day and vocational services when we took over another agency – M.E.N.D. This merger also brought Mary Lucas, Paul Oddo and Arthur Palevsky into the Lifespire fold.*
- *Jim held all of the OPWDD knowledge. Our founders - Ida Rappaport, Harry Kamish, Sam Tocker and Mickey Marlib created Lifespire’s advocacy and mission. Mary, Paul and Arthur had the vocational aspect of I/DD services well grounded.*
- *Jim had a vision to serve the most marginalized group of I/DD people: those who also had a diagnosis of mental illness. In 1982, he and Mary Lucas wrote a grant and created S.P.A.N. (Special Program for the Assessment of Need) to bridge the gap in services in the OPWDD world. This became our first foray into the mental health arena. In 1986, Jim became the Director of SPAN.*
- *In 1992, Jim Normandy established Lifespire’s Article 16 clinic and became its director.*
- *In 1993, Lifespire expanded its services to include Medicaid Service Coordination.*
- *Because of his continuing contributions to Lifespire’s growth, Jim was promoted to the position of Assistant Executive Director in 1996.*
- *In 1997, Jim received his DSW from Hunter University and was forever known as Dr. James Normandy.*
- *In the early 2000’s he was promoted to Vice President. He currently still holds that title and is responsible for Day Service, SEMP, the Article 16, Community Habilitation and Products Plus.*

*Most people would be satisfied with a long distinguished work career but work does not define Jim. He is also an avid history buff! His knowledge is so extensive that he can distinguish different uniforms worn by branches of the American military from the time of the American Revolution to today.*

*He is a giant of a man standing six feet five inches with a distinct hardy laugh yet he has the heart of a monk. He is one of the kindest and gentlest souls you will meet. He shows kindness and compassion to everyone. Staff, families and persons served by Lifespire hold Jim in humble esteem.*

*I read this verse years ago -*

*“Speak up for those who cannot speak for themselves, for the rights of all who are destitute. Speak up and judge fairly; defend the rights of the poor and needy”*

*Those lines immediately resonated with me because I knew such a person ... Jim. Please join me in congratulating Dr. James Normandy for his 40+ years of dedication and service to Lifespire and its mission!*

*Congratulations to all of the Lifespire Employees honored for their years of service to people with intellectual and developmental disabilities.*
